# GCSE Chemistry Success Program

(Higher Tier, AQA & Edexcel)

HELPING YOUR CHILD BUILD KNOWLEDGE, CONFIDENCE,

AND EXAM SKILLS FOR TOP GCSE GRADES

At GCSE Doctor, we specialise in helping students excel in GCSE Chemistry through small-group online lessons (max 5 students). Each class focuses on clear explanations, smart revision strategies, and targeted exam preparation.

Whether your child is in **Year 10 or 11**, doing **Combined** or **Triple Science**, our tailored classes build confidence, boost grades, and make Biology enjoyable.

We offer **separate classes for AQA and Edexcel**, so your child always studies exactly what their exam board requires.

# Who This Program Is For

- **Higher Tier** students (aiming for grades 6–9)
- **AQA** or **Edexcel** exam boards (separate classes)
- **Combined** and **Triple Science** pathways
- **Year 10** (Paper 1 focus) or **Year 11** (Paper 2 focus)

## Not sure what these terms mean?

- Higher Tier covers grades 4–9 and is the usual route for students aiming for top grades.

- Combined Science results in two GCSEs (less content).

- Triple Science leads to separate Biology, Chemistry, and Physics GCSEs.

# Program Overview

For Year 10 (students starting Year 10 in September 2025)

- Full coverage of Paper 1 across the academic year
- Foundations in core Chemistry concepts + exam technique

For Year 11 (students starting Year 11 in September 2025)

- Full coverage of Paper 2 during weekly term-time lessons
- Optional Crash Courses during holidays for Paper 1 & exam mastery

# What's Included

Weekly 1-hour live lesson (online, max 5 students)

Exclusive Chemistry Revision booklet - supercharge your revision with active recall, an extended response cheatsheet, practical summaries and more!

Weekly homework with in-class model answer feedback

The GCSE Chemistry Mentorship Group Chat – a space for students to ask questions and get support

Termly parent + student feedback calls

Catch-up recordings available with advance notice

Topic trackers + past paper resources to guide revision

# Payment & Booking

- First lesson: £20 (paid in advance to secure your place)
- Ongoing lessons: £20/week, paid monthly in advance  
(e.g. 4 lessons in a month = £80)
- No refunds for missed lessons, but recordings are available if you let us know in advance.

We are usually oversubscribed throughout the academic year.  
Click below to secure your first lesson today, before spaces run out!

# Questions Parents Often Ask

**Q****Is this for AQA or Edexcel students?****A**

We teach separate classes for AQA and Edexcel students, so your child will always be learning the exact content they need for their exam board.

**Q****Is this for Combined or Triple Science students?****A**

Both! We teach the full Chemistry content for Triple Science students. For Combined Science students, we highlight the specific topics they need to know for their exams. This way, both groups get exactly what they need, without confusion.

**Q****Do you teach Foundation Tier?****A**

No, sorry – this program is for Higher Tier students only.

**Q****My child is in Year 11 – will they miss out on Paper 1 topics?****A**

Don't worry! – We run optional Holiday Crash Courses that cover all of Paper 1 content, plus exam technique.

Q

## What is the GCSE Chemistry Mentorship Group Chat?

A

It's a dedicated space for students to ask questions about tricky topics, homework, or revision. We aim to reply within the allocated slot for your mentorship chat, so your child always feels supported.

Q

## What are the termly calls for?

A

Once a term, we'll arrange a feedback call with you and your child. We'll discuss progress, identify areas for improvement, and we'll help you create a revision plan to help your child stay on track.

Q

## How do I know if my child is improving?

A

You'll receive regular updates through quizzes, progress reflections, and the termly call. You're also welcome to reach out anytime if you have questions, and we'll aim to respond within 48 hours.

# About Your Teacher

I'm Hamza, founder of GCSE Doctor and your child's Chemistry tutor.

I'm a doctor by training, a graduate of Imperial College London, and have over 7 years of experience helping students build confidence, understand tricky topics, and achieve top grades.

I teach using proven methods like active recall, spaced repetition, and exam technique coaching—so your child learns how to revise, not just what to revise. Parents often tell me my lessons are the first time their child has actually enjoyed learning.

## What Parents & Students Say

Ok no worries, I've never seen him excited about any lesson but he is about your lesson. He woke up today asking if he'll have one with you. Not sure what u did or if this a normal reaction u get from the students

12:49

Hi Hamza,

Just wanted to say thank you- my daughter is enjoying the biology lessons with you and we've seen some progress already!

I was wondering if you also teach chemistry? If so, could you let me know your availability please?

Hamza's lessons have always been helpful in one way or another whether it be going through school work, general revision or my future career. With his help I achieved a Grade 9 in Biology which was due to the engaging and personalised approach used when teaching. I would Highly recommend!

Hamza is a great tutor, very knowledgeable in the subject area he teaches. Hamza delivers a personalised tutoring service and is able to adapt his style of teaching to fit with a student's learning abilities. My son took Biology lessons with Hamza at GCSE and did very well. He would not have achieved the grade he did without Hamza's support. I would highly recommend Hamza as a tutor.

**Andy Cain** ✓
